

**KENTUCKY AND INDIANA EAST END APPROACH AREA ADVISORY
TEAMS & REGIONAL ADVISORY COMMITTEE MEETING**

AGENDA

Sept. 15, 2005 -- 6:30 P.M. – 8:30 P.M.
Frazier Historical Arms Museum, Louisville, KY

Dan Carrier 6:30 – 6:35

- Welcome and Introductions

John Carr 6:35 – 6:50

- Explain AAT / RAC participation in development of Bridge Type Selection Process guidelines: mention binders and inserts as part of the process
- Where we are in the process and how it will roll out in Steps #1 and #2

Dan Carrier 6:50 – 7:20

- "Bridge 101": review bridge types and where they work best; present the range of bridge types appropriate for the East End Bridge
- Handouts: images of appropriate bridge types and elements
- Discuss geo-technical work to identify exact site for the bridge
- Questions and answers

Miguel Rosales 7:20 – 8:05

- Aesthetical Bridge Elements / Bridge Design Guidelines and Evaluation Elements

Dan Carrier / Miguel Rosales 8:05 – 8:20

- Solicit feedback and discussion: questions, comments on elements, guidelines related to the East End Bridge; opportunity to state opinions, concerns and hopes.
- Next Steps: how we will use the information the AATs provide

Dan Carrier / Miguel Rosales: 8:20 – 8:30

- Open Public Comment Time

HANDOUTS

- Project binder
- Schematic of the Bridge Type Selection process
- Overview of relevant aesthetical bridge elements
